

Warrenville FPD Remembers 9/11/2001

The Warrenville Fire Protection District shares the sentiments of the 9/11 Memorial and calls upon our members to make Sept. 11, 2017 a day of commemoration; to remember and honor the thousands of innocent men, women, and children murdered by terrorists in the horrific attacks of February 26, 1993 and September 11, 2001. Remember the many Americans who have served and are currently serving in our nation's military-many of whom enlisted as a response to the 9/11 attacks. Let us come together this 9/11 to honor, remember and reunite. For more information from the National September 11 Memorial & Museum, visit 911memorial.org
