FIRE CHIEF:
Dennis L. Rogers

Lieutenant Governor Evelyn Sanguinetti recognized the Warrenville Fire Protection District and the Naperville Fire Department as one of the top 20 best examples by Local Government Shared Services Best Practices in the State of Illinois. The Warrenville Fire Protection District and the Naperville Fire Department border each other and dispatch the closest, most appropriate unit to the scene of an incident. They utilize the same policies and procedures for operations and training along with using technology such as Global Information System (GIS), Automatic Vehicle Location (AVL), and analytics in order to make better informed decisions for increased efficiency and effectiveness of service delivery to both communities as well as creating cost saving initiatives.
